

EnviroLeach Retains The Blueshirt Group for Investor Relations

Vancouver, BC, October 23, 2019, EnviroLeach Technologies Inc. (the “Company “or “EnviroLeach”), (CSE: ETI) (OTCQB: EVLLF), a global leader in innovative and eco-friendly precious metal extraction from E-Waste and mineral ores, is announced today that it retained The Blueshirt Group to lead its investor relations and financial communication programs.

Duane Nelson, EnviroLeach CEO noted: “By retaining a leading investor relations firm, we intend to raise our visibility with investors, analysts and the financial media, especially among investors focused on innovation in environmental services. Our unique and disruptive technology is opening substantial new market opportunities globally in both the E-Waste and gold mining sectors. We intend to work aggressively to broaden our exposure and tell this compelling story to investors around the world.”

About EnviroLeach Technologies Inc.

EnviroLeach Technologies is a technology company engaged in the development and commercialization of environmentally friendly formulas and technologies for the treatment of materials in the mining and recycling sectors. Using its proprietary non-cyanide, water-based, neutral pH treatment process, EnviroLeach extracts precious metals from ores, concentrates, and E-Waste using only FDA approved additives and ambient temperature water.

Backed by the momentum of a first-class staff of scientists and engineers, tens of thousands individual assays, independent validations and strategic partners, EnviroLeach’s technology will become the standard for the provision of eco-friendly methods for the hydrometallurgical extraction of precious metals in both the conventional mining and E-Waste sectors.
